DCE MEMORANDUM NO. 04-17
(FHWA Approved: 2/22/2017)

This Memo has Expired

TO: DISTRICT CONSTRUCTION ENGINEERS

FROM: David A. Sadler, P.E., Director, Office of Construction

COPIES: Tim Ruelke, Amy Tootle, Courtney Drummond, Bob Burleson, Nick Finch, Rafiq Darji

SUBJECT: REVISIONS TO SPECIFICATION SECTION 400 – CONCRETE STRUCTURES

Subsection 400-7.5, paragraph three, second sentence currently states, “As an exception, chutes made of aluminum with a protective coating for ready mixed concrete trucks, no longer than 20 feet, may be used.”

The Department will be changing the above specification to eliminate the protective coating requirement in the July 2017 specification workbook.

This memorandum serves as a blanket approval to process this specification change by a \$0.00 Supplemental Agreement or Work Order for ongoing projects.

Should you have any questions concerning this matter, please contact John Westphal at (850) 414-4141 at the State Construction Office.
